Head protection

BASECAP

Functional bump cap in the style of a baseball cap with internal shell made from ABS plastic. SWISS MADE

The bump cap in the style of a baseball cap is made from 100% cotton and with an internal shell made from ABS plastic. With 2 ventilation holes and 2 ventilation slots on each side and foam padding for a pleasant wearing comfort. Adjustable hook and loop band for head sizes 54 - 59 cm. The textile part of the cap can be washed at 30 °C.

Your workspace

- The bump cap protects the head from injury caused by the head striking stationary objects, e.g. when working in confined spaces, during goods handling, for factory visitors, in workshops or low headroom spaces etc.. The bump cap does not protect against falling objects and may not be worn instead of an industrial safety helmet.
